CALL FOR PAPERS

The Ninth International Workshop on

Computer Modeling and Intelligent Systems CMIS-2026

5 of May 2026, Zaporizhzhia, Ukraine in remote (online) mode

Supported by

UA4PIM
Project and Innovation Management for Ukraine

Organized by

National University "Zaporizhzhia Polytechnic"

Department of Software Tools

Address: Universytets'ka str., 64, Zaporizhzhia, 69011, Ukraine

Web site:
https://pz.zp.ua/cmis

Submission form:
https://forms.gle/bj8YaHBPoiJ3R8xPA

Facebook:
https://www.fb.com/groups/cmis.workshop/

Phone/Telegram/Viber:
+380673941180
(Sergey Subbotin)

E-mail:
subbotin@zntu.edu.ua
subbotin.csit@gmail.com

Topics:

– **Artificial Intelligence** (Pattern Recognition, Machine Learning, Computational Intelligence (Neural Networks, Fuzzy and Hybrid Systems, Intelligent Optimization and Search), Knowledge-based Systems);

– **Computer Science Methods for Data-driven Modeling;**

– **ICT for Data Analysis (**Data Mining, Decision Support, Signal and Image Processing) and **Applications** for Engineering, Medicine and Education.

Paper formatting:

Papers in English of **10–15 pages** as LibreOffice files in a **one-column CEUR format**: https://ceur-ws.org/Vol-XXX/CEUR-Template-1col.odt
Formatting rules guideline:
https://pz.zp.ua/files/CMIS/Format.pdf
All authors in the paper should give meaningful **affiliations**, and **ORCID** should be provided in the paper.
At least one of the authors should have PhD / Dr. Sc. in Computer Science and **more** than **4 papers** indexed **in DBLP** (https://dblp.org/).
The paper should have **not more than 4 authors**.
One person should submit **not more than 1 paper.**

Deadlines:

Submission of paper with author agreement – **22.03.2026**
Paper acceptance – 12.04.2026
Camera-ready paper– 26.04.2026
Workshop – **05.05.2026**

Paper submission:

For each paper the submitting author should print, fill in, manually sign, and scan the Author Agreement as a jpg file.
https://pz.zp.ua/files/CMIS/AgrAuth.pdf
Paper, Author Agreement, and presentation should be submitted using the online form:
https://forms.gle/bj8YaHBPoiJ3R8xPA

Publishing and indexing:

The Proceedings of the Workshop shall be submitted for online publication as a separate volume of **CEUR Workshop Proceedings** (Aachen, Germany, ISSN 1613-0073), indexed by the **Scopus** and **DBLP**.
Alternatively papers should be recommended for submission to the journal **"Radio Electronics, Computer Science, Control"** (http://ric.zntu.edu.ua, ISSN 1607-3274 (print), 2313-688X (on-line)) indexed in **Web of Science**.

Participation and publication are free of charge

The Ninth International Workshop on

Computer Modeling and Intelligent Systems CMIS-2026

5 of May 2026, Zaporizhzhia, Ukraine

ЗАПОРІЗЬКА ПОЛІТЕХНІКА НАЦІОНАЛЬНИЙ УНІВЕРСИТЕТ

Paper Selection Policy

For CMIS **we accept only** *regular papers* having at least **10 standard pages** and an appropriate number of references.

We do not accept *pre-published papers* (presented at or published at or submitted to any other workshop/conference/journal/book).

The papers **should not contain misconduct** (including plagiarism, self-plagiarism, fabrication, falsification i.e.)

We accept only **papers** that **fulfill** the **CMIS topics in the area of Computer Science**, Information Systems, and Information Technology.

The paper's **scientific novelty** (impact **to the theory of Computer Science**) **should be significant**. We may reject papers without new significant results for Computer Science.

Each author (co-author) should submit **not more one paper per one workshop.**

The papers should follow and satisfy to the **CEUR-WS Policy on AI-Assisting Tools:** https://ceur-ws.org/GenAI/Policy.html

Submission of papers to the CMIS **is open** to all authors from all over the world regardless of their age, sex, nationality, religion, project membership.

Each paper submitted to CMIS will be **checked for plagiarism, and peer reviewed by at least two reviewers** with Ph.D / Dr. Sc. in Computer Science and **one PC member**. Then the **final decision** will be **made** by the CMIS **PC Chair.**

Programme Committee:

Chair – Prof. **Sergey Subbotin**, National University "Zaporizhzhia Polytechnic", Ukraine
Members:
Prof. **Igor Aizenberg,** Manhattan University, United States of America
Prof. **Gustavo Alves,** Polytechnic of Porto, Portugal
Prof. **Yevgeniy Bodyanskiy**, Kharkiv National University of Radio Electronics, Ukraine
Prof. **Karsten Henke**, Ilmenau University of Technology, Germany
Prof. **Igor Korobiichuk**, Warsaw University of Technology, Poland
Prof. **Iurii Krak**, Taras Shevchenko National University of Kyiv, Ukraine
Prof. **Vitaly Levashenko**, University of Zilina, Slovak Republic
Prof. **David Luengo**, Universidad Politecnica de Madrid, Spain
Prof. **Andrii Oliinyk**, National University "Zaporizhzhia Polytechnic", Ukraine
Prof. **Mykhailo Poliakov**, National University "Zaporizhzhia Polytechnic", Ukraine
Prof. **Anatoliy Sachenko**, Western-Ukrainean National University, Ukraine
Prof. **Natalya Shakhovska**, Lviv Polytechnic National University, Ukraine
Prof. **Galyna Tabunshchyk**, Ruhr University Bochum, Germany
Prof. **Carsten Wolff**, Dortmund University of Applied Sciences and Arts, Germany
Prof. **Elena Zaitseva**, University of Zilina, Slovak Republic
Dr. **Jamil Alsayadeydeh**, Technical University of Malaysia Melaka, Malaysia
Dr. **Peter Arras**, Katholieke Universiteit Leuven, Belgium
Dr. **Kateryna Czerniachowska**, Wrocław University of Economy and Business, Poland
Dr. **Ivan Izonin**, Lviv Polytechnic National University, Ukraine
Dr. **Dmitry Gorodnichy**, Canada Border Services Agency, Canada
Dr. **Serhii Leoshchenko**, National University "Zaporizhzhia Polytechnic", Ukraine
Dr. **Anzhelika Parkhomenko**, National University "Zaporizhzhia Polytechnic", Ukraine
Dr. **Akansha Singh**, Professor, Bennett University, Greater Noida, India
Dr. **Alexei Sharpanskykh**, Delft University of Technology, Netherlands
Dr. **Thomas (Tom) Trigano**, Shamoon College of Engineering, Israel
Dr. **Heinz-Dietrich Wuttke**, Ilmenau University of Technology, Germany

Ethical Issues

We recommend authors, reviewers, and editros to follow the Elsevier **Publishing Ethics:** https://www.elsevier.com/about/policies/publishing-ethics **and COPE statements** https://publicationethics.org/cope-position-statements, also as **CEUR policies on AI:** https://ceur-ws.org/GenAI/Policy.html

The **papers** and volumes published on CEUR-WS.org **are freely accessible for academic and private use**.

We strongly discourage **re-publication** of papers that are already published at CMIS. Making a copy of the paper available on the author's home page or on the institutional repository is not regarded as a re-publication. In such cases, authors should include a reference/URL to the original publication. We advise authors to be careful about publishing versions of their paper that deviate from the originally published version because it could diminish the authenticity of the paper.

Frequently Asked Questions (FAQ)

Is paper publishing and participation are free of charge? Yes.

How much own papers of authors allowed to be cited in the references? We recommend to provide not more than 20-25% of references in the paper as references to own works of authors.

What number of references is recommended? It should be not less than 10, but we recommend to provide 15-20 references (generally to scientific sources).

Are references on Cyrillic sources acceptable? Generally we recommend to provide references only on English sources published in international publishing houses / journals / conferences with DOI or indexed in Scopus / Web of Science.

What percent of plagiarism is allowed? We do not allow plagiarism and self-plagiarism. If you use previously published materials you should provide correct references. The percentage of text borrowings (with references) should not exceed 10% of the paper text.

How to dispute a review on my paper? Due to time constraints, we are not able to dispute the final decision on the paper rejection. This decision is made by the book editor based on the received reviews. Authors can submit rejected papers to other conferences. If the paper is recommended for publication after revision, then we recommend the authors to make all the necessary changes in the paper and update it in the system.

Participation and publication are free of charge
